

# Kinetic Leadership Consulting

## Capabilities Statement

Kinetic Leadership Consulting empowers leaders to embrace their full potential by engaging in their commitment to leadership development. Through the dynamic Leadspace® Leadership Certification methodology, leaders learn to put their energy into motion, applying a new and refreshing approach to leadership.

**Latest in Leadership Research:** Leadspace® leadership is backed by extensive research drawing from ~100 years of executive leadership experience responding to natural disasters. Leadspace® leadership embodies a scholar-practitioner perspective on leadership development, emphasizing not just the ‘What’ but more importantly, the ‘How’ to build a leader's awareness.

**Leadspace® Leadership** - new leadership concept empowering leaders from both military and civilian backgrounds to action dynamic capabilities to thrive, not just survive.

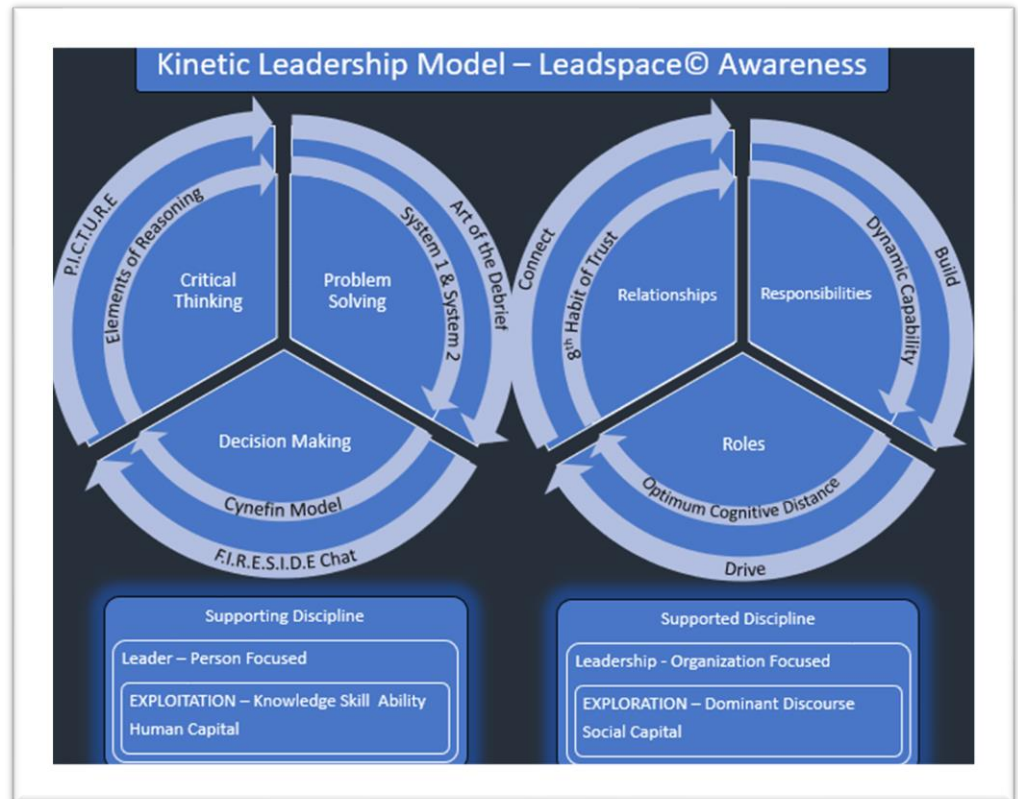

**Leadspace® Leadership** – emphasizes the integration of interconnected disciplines in leader and leadership development.

**Certified Leadspace® Leaders:** Leaders equipped with heightened situational awareness, serving as powerful assets for enhancing organizational effectiveness.

- Leadspace® Leadership** certification:
- Develops Leadspace® aware leaders
  - Maximizes dynamic capabilities
  - Teaches ‘How’ to be a better leader
  - Better equips one to tackle challenges

### Differentiators:

- Developing a Leadspace® leadership perspective better prepares your organization to action dynamic capabilities
- Leadspace® leadership utilizes an ACT - FACT - IMPACT methodology to focus on components of effective leadership
- Leadspace® leadership sessions develop expert-level leadspace leaders with a building block approach to be impactful
- Leadspace® leadership is more than academics - developing one’s Leadspace® mindset is a game-changer for your organization
